# THE PROBLEM

# Problem

- In a time of social distancing, how do we keep People Home and Entertained during quarantine?

# THE SOLUTION

# Capture the Commander

*An online Card game where luck and memory, meets strategy.*

- Users are able to play a game of Capture the Commander.
- Create a Username and play against someone else.
- Look at Match History from Recent Games

# **TECH MILESTONES & APP DEMO**

# LIST APP TECHNICAL MILESTONES

- Dealing and Shuffling Cards.
- Displaying Cards according to game rules.
- Preventing players from making illegal moves.
- Game Logic for evaluating winners and losers of each “BATTLE”.

# Future Implementations

# FUTURE IMPLEMENTATIONS

Future features and tech challenges to overcome

- App will include login page.
- User can create profile.
- User will be able to start a game and play against another user online
- Profiles will display wins and loses,
- Users can create friend groups.

# Judges Q&A
